PREFACE

The purpose of this booklet is to provide you with a description of the major programs by which Blacks In Government (BIG) seeks to accomplish its objectives. The material describes the purpose of the program, how it works to achieve its objectives, and how you can participate. You will note that each program relates to our overall goal to promote equity, excellence, and opportunity in government.

In addition to the programs, the booklet describes initiatives currently underway that affect our service to the membership and potential members. You must be aware of these initiatives because they provide valuable opportunities for information and benefits for both members and nonmembers. Blacks In Government's programs and initiatives assist us in reaching our vision:

VISION

Blacks In Government will be recognized as a member-focused, World-class enterprise (business-like), with supporting Infrastructures that are competitive and centered around Excellence.

While some of the described programs are for members
only, this fact only underscores the value of BIG membership. It should present no obstacle to persons interested in taking advantage of them. The membership fee is reasonable, and membership in a BIG chapter provides a host of benefits in addition to these specific programs. Not the least of these is the opportunity to become part of a national organization composed of dedicated, committed, and caring people working unceasingly for your interest.

Remember, these are national programs only. The various chapters sponsor a variety of programs to meet local needs and conditions, including tutoring and mentoring programs, employment advisory programs, and skills training programs.

The best way for you to get involved in a BIG program is to contact the chapter in your area. You can also call the BIG National Office to mail you a program kit on the particular program, or you can also download information from our Internet website, BIGNET, listed in the back of this booklet. The address and phone number of the BIG National Office are also printed in the back of this booklet.

If the information in this booklet generates any thoughts about improving the programs or other programs that we should promote, please don't hesitate to contact us. Thank you for your interest.

AGENCY COMPLIANCE AND REVIEW

Objective: The Agency Compliance and Review program is designed to monitor affirmative action efforts of agencies/employers; in key employment areas of concern to Black government employees to include: rates of hiring, firing, training, assignment and details, distribution of authority and responsibility, adverse actions awards, merit pay, and disciplinary actions.

The focus is on reviewing agencies at the national level to determine where, if any, an imbalance or absence of Blacks may exist in their workforce. Agencies showing such absence or imbalance are targeted for monitoring to ensure they comply with equal employment opportunity (EEO) regulations, directives, and laws.

Another focus of this program is to train Blacks In Government (BIG) chapters to monitor/evaluate federal and non-federal agency EEO programs in their immediate locale to ensure compliance with EEO laws, directives, and regulations. This can be accomplished through visits by BIG chapters to local agencies to address the employment mentioned above areas of concern that adversely impact Black government workers. Because of these visits by chapter representatives, identified problems may be addressed to the proper officials through appropriate leadership levels to resolve matters in dispute.

TOP TEN REASONS WHY YOU SHOULD JOIN BIG!

BIG WORKS FOR YOU

BIG is the only organization dedicated to the interests of the African American public servant. Other organizations may touch upon the problems that impact you, but BIG is made up of people who share your interests, your concerns, and your problems.

BIG IS AN ADVOCATE

BIG speaks out on issues affecting the government workplace. BIG testified before the Congress on legislation reforming the EEO process, racial discrimination in government, and affirmative employment. BIG also spoke out on the disparate rate of discharge of African Americans from the federal service, the national performance review, and downsizing. BIG had a public hearing on the assault against affirmative action.

BIG IS AN EMPLOYEE SUPPORT GROUP

If you have a problem on the job, our BIG chapter can be an excellent resource for help and counsel. Many BIG members have dealt with similar problems and can suggest strategies for combating them. BIG also has a list of attorneys experienced in handling the type of problems BIG members may encounter.
BIG IS A PROFESSIONAL DEVELOPMENT ORGANIZATION

Every year BIG sponsors a national training institute which brings together national leaders and experts from around the country to address Black government workers. The NTI is a unique training experience for government workers, providing you an exposure to issues often overlooked in the day-to-day workplace.

BIG IS A COMMUNITY RESOURCE

Your BIG chapter can be a strong force in the community helping to fight such community problems as drug abuse, teenage pregnancy, AIDS, illiteracy, and voter registration. The skills you develop on the job can be invaluable in promoting community activities through your BIG chapter.

BIG IS NETWORKING

By becoming a member of BIG, you are becoming a part of an organization that includes workers from all levels of government and all areas of the public workforce. The national training institute provides opportunities to meet experts from around the country, employers from other agencies, and pick up information and resources that can help you professionally and in your personal growth.

BIG IS A CHANCE TO MAKE A DIFFERENCE

We can accomplish together what you cannot do alone. With BIG you can work toward your goals with people who have similar goals. You can do something about the institutional and socioeconomic problems you face in the
workplace and in the community. You can use your skills and talents in a setting in which they are needed.

**BIG KEEPS YOU INFORMED**

BIG keeps you up to date with the latest developments affecting the African American government employee. From the Washington, D.C. headquarters, we publish the monthly BIG Bulletin, and a quarterly magazine, The BIG Reporter. Regions and chapters also publish newsletters that focus on local issues.

**BIG RECOGNIZES YOUR ACHIEVEMENTS**

Each year BIG gives out awards to those who have made a major contribution to the goals and objectives of the organization. Regional councils and local chapters also recognize such achievements. These awards set role models for excellence in government service.

**BIG IS AN OPPORTUNITY**

BIG is the chance you have been waiting for to step up and take your place in the loop. To be a part of the fast-moving events that affect your world as a government employee, you need an organization like BIG that can speak for you and through which you can voice your views. If you are concerned about equity, excellence, and opportunity in government, you should consider BIG.
BIG NATIONAL CONSTITUTION
PREAMBLE

We believe that Blacks in government should have the opportunity for full, complete and equitable access to jobs, education, advancement, housing and health services, and that they must have recourse in adverse situations without discrimination because of race.

We further believe that Blacks should unite in order to obtain and secure the rights and privileges of full citizenship participation. It is necessary to develop a mechanism for inclusion, growth and power for all present and future Black employees in Federal, State and local governments.

Therefore, we, the members of Blacks In Government (BIG), in order to act as an advocate for the employment and general welfare of Blacks employed in Federal, State and local governments and to establish a national network of Black Federal, State and local government employees, do hereby establish this constitution for a national organization of Blacks In government.
