Their foundation was built in 1951 when the business began. With a genuine interest in the financial well being of government employees, they are marketing an excellent insurance plan. Globe offers a supplemental insurance program designed to meet your needs. Some of the policy advantages are:

- **No Medical Exams** – only answer a few health questions to see if you qualify.
- **Payroll Deduction** – premiums can be deducted as you determine.
- **Affordable Cost** - immediate family member can join for as little as \$1.00.
- **Family Member Coverage** - benefits for you, your spouse, children, grandchildren or any combination.
- **Portable Coverage** – coverage follows the individual policyholder after retirement or change of job.
